Patient & Services Guide — 2024 Edition

1. About HealthPlus Medical Group

HealthPlus Medical Group is a multi-specialty healthcare organization founded in 2005, headquartered in Riyadh, Saudi Arabia. With over 1,200 medical professionals and 18 branches across the Kingdom, HealthPlus delivers world-class preventive, diagnostic, and therapeutic care to more than 500,000 patients annually. Our vision is to be the most trusted healthcare partner in the region by combining medical excellence with compassionate patient care.

Our Core Values

- Patient First – Every decision is guided by patient safety and well-being.
- Excellence – We maintain the highest standards of clinical quality.
- Innovation – We adopt the latest evidence-based medical practices.
- Integrity – Transparent, honest, and ethical care at all times.
- Community – Committed to improving public health across the region.

2. Medical Services & Specialties

HealthPlus offers a comprehensive range of outpatient and inpatient medical services across 20+ specialties. Our integrated care model ensures seamless coordination between departments to provide patients with a complete, continuous care experience.

Primary Care & General Medicine

Our General Practice clinics are available 7 days a week from 7:00 AM to 10:00 PM. Services include routine check-ups, chronic disease management, vaccinations, minor procedures, health screenings, and referrals to specialist departments. Walk-in appointments are accepted, though scheduled bookings are prioritized. Average wait time is under 20 minutes.

Cardiology & Heart Care

The HealthPlus Cardiac Center is equipped with state-of-the-art diagnostics including ECG, echocardiography, stress testing, Holter monitoring, and coronary angiography. Our team of 12 board-certified cardiologists specializes in heart failure, arrhythmias, hypertension, and coronary artery disease. The center also operates a 24/7 chest pain unit for emergency cardiac evaluation.

Orthopedics & Sports Medicine

From sports injuries and fractures to joint replacements and spine surgery, our Orthopedic Department provides the full spectrum of musculoskeletal care. We use minimally invasive arthroscopic techniques to reduce recovery times. The dedicated Sports Medicine clinic serves

athletes of all levels, offering physiotherapy, rehabilitation, and performance optimization programs.

Oncology & Cancer Care

The HealthPlus Cancer Center offers multidisciplinary tumor board consultations, chemotherapy, targeted therapy, immunotherapy, and radiation oncology services. We are affiliated with international cancer research networks, giving patients access to clinical trials and cutting-edge treatments. Our oncology nurses provide personalized support throughout the treatment journey.

Women's Health & Obstetrics

HealthPlus Women's Health Center provides comprehensive gynecological care, prenatal and antenatal services, high-risk pregnancy management, labor and delivery, and postpartum support. Our fertility clinic offers IVF, IUI, and reproductive endocrinology services. All consultations are conducted in a private, comfortable environment with female physicians available upon request.

Pediatrics & Child Health

Our Pediatrics Department caters to children from birth to 18 years. Services include newborn care, growth monitoring, vaccination schedules per MOH guidelines, developmental assessments, and management of childhood illnesses. The child-friendly clinic environment is designed to minimize anxiety and ensure a positive healthcare experience for young patients.

5. Patient Wellness & Chronic Disease Programs

Diabetes Management Program

Our certified Diabetes Care team provides individualized management plans combining endocrinology consultations, diabetes education, nutritional counseling, foot care clinics, and continuous glucose monitoring. The program targets HbA1c optimization and reduces hospital admissions from diabetic complications by 40% among enrolled patients.

Hypertension & Heart Health Program

Patients with high blood pressure are enrolled in a structured follow-up program with quarterly cardiologist reviews, 24-hour ambulatory blood pressure monitoring, lifestyle modification coaching, and medication adherence support. The program has demonstrated a 35% improvement in blood pressure control rates compared to standard care.

Weight Management & Nutrition Clinic

The HealthPlus Weight Management Clinic offers medically supervised programs including dietary assessment, caloric planning, behavioral therapy, pharmacological support, and bariatric surgery evaluation. Registered dietitians provide personalized meal plans. The average patient achieves 8–12% body weight reduction within 6 months.

Mental Health & Wellbeing Services

HealthPlus provides confidential mental health services including psychiatry, clinical psychology, and counseling. We treat depression, anxiety disorders, PTSD, OCD, ADHD, and substance use disorders. Telepsychiatry appointments are available for patients who prefer remote access. All sessions are fully confidential and HIPAA-compliant.
